

The Evolutionary Glitch

Rise Above the Root of Your Problems

Dr. Albert Garoli

Albert Garoli has always had a profound interest in *Life Force* and its phenomena. After many years of world travel and medical study, he came about a startling realization: the root of human problems derives from the way our biological system learns. Resulting in a dramatic reorientation of his life, Garoli began to teach this philosophy and greatly impacted the lives of many friends, colleagues, patients and followers around him.

The Evolutionary Glitch provides a revolutionary understanding of human neurobiology which identifies the problem-causing patterns that negatively impact our lives. This error, called a 'Persona,' has many faces that can be seen, mapped, analyzed and counteracted. Presented as a self-challenge book, Albert Garoli encourages the reader to confront and rise above their problems and negative habits.

"Garoli dives into new inspiring self-improvement methods that will empower and motivate readers to succeed in all aspects of their lives."

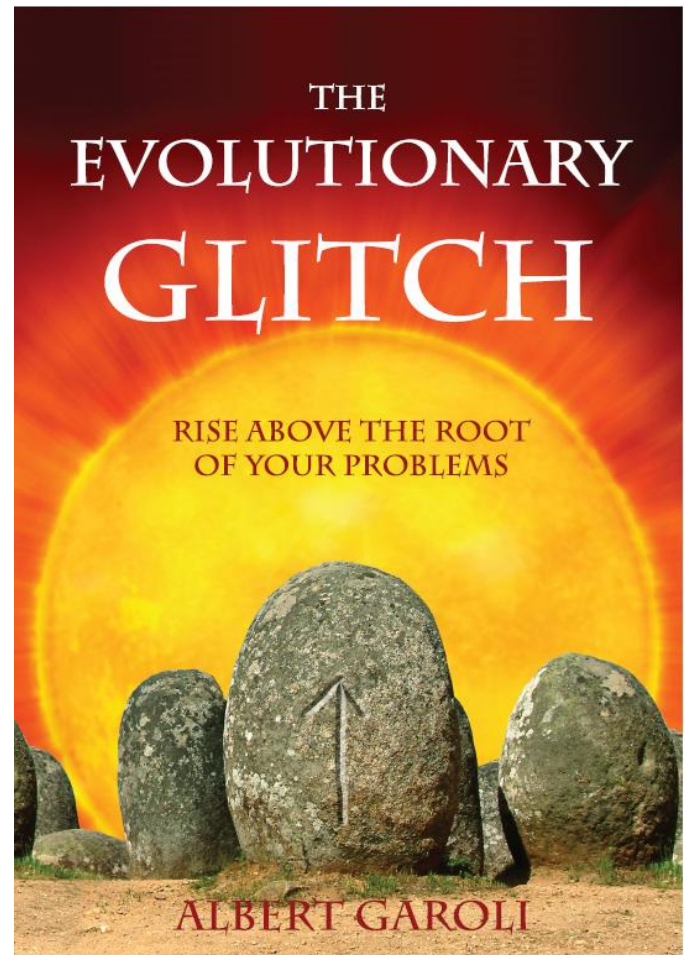

Robin Marvel, host of Living Out Loud Radio,
author of *Awakening Consciousness*

Albert Garoli is a health practitioner, medical researcher, and educator. He is a specialist in Ayurvedic medicine, Traditional Chinese Medicine, Acupuncture, Herbology, Biophysics, and Homotoxicology. Currently, he is teaching in the Italian College of Osteopathy (C.I.O) as well as the Italian School for Oriental Medicine (ScuolaTao), in convention with the University Sapienza of Rome. He is also the director of the Holonomics cooperative project in which the principles of **The Evolutionary Glitch** are put into practice.

"Garoli provides a developmental program and understanding that is time-sensitive, cutting-edge, and a forerunner in the field of neuropsychology."

Irene Watson, creator of Reader Views,
author of *The Sitting Swing*
